CHOOSE

GRATITUDE

EVERY DAY.

Gratitude is a value that keeps us rooted! Our children showcased this value with full enthusiasm by making badges for the support staff as a token of appreciation for their tireless efforts. This thoughtful gesture highlighted the value for those who work selflessly behind the scenes, ensuring everyday life is smoother and more comfortable for everyone.

THE TURF

The long-awaited turf brought immense energy and excitement among the kids. It provided them with the perfect training ground to hone their sports skills and fuel their passion for athletics.

Our pre-primary children recently enjoyed an exciting picnic to the theme park, Tikujini Wadi. The day was filled with joy and laughter as the little ones explored the vibrant park, experiencing a variety of fun rides designed just for them. Their cheerful giggles and excitement made the day even more special. Apart from the rides, the picnic provided a wonderful opportunity for the children to bond with their friends and teachers in a lively and relaxed environment.

KidZania

Our young explorers stepped into the shoes of various professionals—from doctors to firefighters, chefs to pilots—discovering the wonders of different careers. Through hands-on activities, they learned important skills like teamwork, communication, and decision-making. It was heartwarming to see their eyes light up with curiosity and excitement as they gained new knowledge and experiences.

They valued hard work and responsibility, all while having a great time with friends.
